

## Travel Information

Almeria International Airport is the fast growing local airport for the Almanzora and Desert Springs. An easy 40 minute drive along the E15, a new and virtually empty section of the Autopista de la Mediterrania motorway, which skirts the the Cabo de Gata National Park and the majestic Cabrera Mountains, brings you to the Almanzora and to Villaricos, Playa Marques and The Desert Springs Resort & Golf Club.

The region is also served by two other international airports, Murcia and Alicante. Both are less than two hours away by car, again all but directly via the E15, making the area easily accessible using both chartered and scheduled 2 1/2 hour flights from all parts of the UK and Europe.

As a result of considerable investment in the area from the EU, the State and the Autonomous Community of Andalucia, there is an excellent modern and under used road transport system in the area.

## CHRISTINE LANGFORD GOLF

## Winter Golf Academy Breaks

Desert Springs  
Almanzora, Spain

January – March 2010
